

# Smells Like Teen Spirit

Nirvana

1991

And I forget just why I taste, oh yeah, I guess it makes me smile.  
I find it hard, it's hard to find,

*Oh well, whatever,  
nevermind.*

Hello, hello, hello, how low  
Hello, hello, hello, how low  
Hello, hello, hello, how low  
Hello, hello, hello

*With the lights out it's less dangerous,  
Here we are now, entertain us,  
I feel stupid and contagious,  
Here we are now, entertain us!*

A mulatto! An albino! A mosquito! My libido!

A DENIAL! A DENIAL! A DENIAL!

A DENIAL! A DENIAL! A DENIAL!

A DENIAL! A DENIAL! A DENIAL!

Here's your first assignment. Copy the above page, with the justification, spacing, indentation (try your best to match the effect with integer multiples of  $\text{em}$ ) and colours (hint: you only need red, brown, violet, and of course, black).

If you feel that black doesn't do a particular line justice, feel free to replace it with your favourite colour. You can change the colour of at most two black lines.

Then use the `\newpage` command to typeset a new page. On the second page, make the following list, and tell us a bit about yourself through it!

**Name** Your name. You can also choose to tell us what your first name means!

**Department** Your current branch

**Music** Make a list of your favourite songs:

- Awesome song

Our turn (you needn't copy this in your submission):

Rwitaban already mentioned one of them.
